An approval letter must be issued by Westbrook Village Association before any project may begin.

**Allow three (3) to five (5) business days for processing your application.  
 Please keep in mind that the Architectural Control Committee has up to  
 forty-five (45) days to respond to your application.**

It is the homeowner's responsibility to make sure that the ACC application procedures are followed. Do not depend on your contractor to submit the application for you. Contractors must complete the project within 6 months of approval (as approved by the Association). The Architectural Control Committee recommends homeowners and their associated contractors attend the monthly open meeting when contacted for your particular project(s).

Projects must be started within 90 days of approval date or the application(s) must be resubmitted.  
 Project(s) must be completed within 6 months of the approval date and will be inspected for completion.

## Provide a detailed description of the project on the reverse side.

**Please Note the Following:**

1. Applications must be filled out completely. All homeowner and contractor information must be provided, along with the homeowner's and contractor's signatures on the application.
2. All items applied for must be included in the written description on the reverse side of this application. Only the items listed will be reviewed, regardless of what appears on the drawing or plan submitted with the application.
3. Submitted applications will be date stamped and a copy of the application provided to the homeowner.
4. Submitting a revised application will void the original application and its approval.
5. Incomplete applications are returned to the homeowner.
