

**Cornerstone Committee Minutes  
Special Meeting to Perform Finalized Design  
Walk thru with Reflection Garden Designer  
Friday, May 7, 2021  
10:00AM in the Reflection Garden  
Approved Minutes**

**Call to Order** – The meeting was called to order at 10:00AM.

- I. **Verify the Quorum** – A quorum for this meeting was not achieved.
- II. **Correction and Approval of Meeting Minutes**—function postponed.
- III. **Unfinished/Old Business**
  - a. **Reflection Garden Design Discussion** – Ken Combs of SDL presented his finalized design suggestions. The committee made the following points:
    - i. Metal plate inserted into brick pathway leading from parking lot side...."Reflection Garden"
    - ii. Fertilizing system recommended by Committee member Stough to be used
    - iii. Plants are low water usage, "desert adaptive plantings"
    - iv. Three speakers to be incorporated into design to play a natural soundtrack (water flowing, birds chirping) or music, if applicable
    - v. Front arbour to be replaced with a pergola that will fully coordinate with the pergola in the center of the garden
    - vi. Additional metal decorative screen placed (making total of 5) down closer to street to obscure utility boxes. Suggested the screen patterns to be varied, painted brown
    - vii. Utility boxes to be painted brown to "make them disappear"
    - viii. Plantings should continue down the street side of the buildings
    - ix. Unfortunately the area is supplied by the golf course (landscape lake) water. It would be difficult to keep a fountain operable with that water, so a sculpture was suggested instead. Please see the link: [Lyman Whitaker - Kinetic Wind Sculptures - Copper and Stainless Steel](#).
- IV. **New Business**—No new business discussed at this time.

**Adjourn** – Next Meeting Wednesday, April 19, 2021 at 10:00AM, in the Reflection Garden.

Respectfully Submitted,

Amy Miller, Chair
