

I was elected two years ago as a first time board member and would like to continue to work for the residents of Westbrook Village.

Having served on the Landscape and Facilities, Recreation, Ways and Means, and Budget committees as well as being the chair of the Long Range Planning committee, I have been given a broad range of experience that it takes to help this community moving forward.

I am also the two term president of the 400+ member Pickleball club. During my first two year term, the club held a series of fundraisers and successfully raised the entire \$16,000 it needed to build a shade structure we needed at our west eight courts. This was accomplished without any monetary help from our HOA. It was totally self funded. The second two year term we worked hand in hand with the HOA to see the stadium court maintenance project come to fruition.

Being a part of the Landscape and Facilities Committee has given me a front row seat to see how well our residents, the city, and the state work to conserve the precious commodity of water.

While serving on the Ways and Means and Budget Committees, I was able to witness how well our staff here keeps within a well thought out budget.

As chair of the Long Range Planning Committee, I have made a strong commitment to the future of Westbrook Village and the direction that takes.

I would be honored to have your vote and to continue to work for you.
