Lori Reiland

This month is significant for our community as we focus on and express our gratitude. We are grateful for our veterans and the life they laid down for our nation by joining as a serviceman. Each of their stories tell us of a journey that includes much sacrifice. If you are a veteran reading this, we cannot thank you enough. WV Veteran's Club President, Carl Ulbrich has written a thoughtful piece that helps us gain a very important perspective. Thank you, Carl (see page 17).

We are also looking toward the end of the month, when we will celebrate Thanksgiving. Being thankful is a perfect way to enter the upcoming season of giving, and it is a great time to give out of grateful hearts for all we've been blessed with. I regularly witness how much this community loves to give back.

On page 16, you will want to get organized for the Turkey Drive that will take place on **November 1**! And don't forget to jot down **November 13th** as you are invited to stop by with a toy donation benefiting the Foster Alliance at the Russ Lyon Sotheby's annual Greetings & Gratitude (see back page for details). Next month, the Ladies of Westbrook Village and the Peoria Fire Department have organized their 6th Annual Toy Drive Dinner & Dance on December 14, so save the date! (see page 9).

The Village Voices will bring us a musical concert to christen the coming season with joyful notes – get your tickets soon (see page 20 for details). This issue is full of things to do that you absolutely won't want to miss, so grab your cup of coffee and make some plans!

Greet veterans with gratitude as you go about your days, and have a wonderful and Happy Thanksgiving!

Thanksgiving!

BESTSELLER NON-FICTION

In her special holiday cookbook, Isabella Sofia Caldwell brings together classic recipes and a practical planning guide for preparing and cooking a memorable Thanksgiving meal for family and friends. From a beautifully roasted turkey and traditional side dishes to homemade breads and desserts, this cookbook offers a variety of seasonal recipes for holiday meals. She also provides hosting suggestions and helpful kitchen tips. **Isabella wants to share her holiday ideas to bring warmth to your Thanksgiving celebration.**

A SPECIAL TIME FOR FAMILY & FRIENDS

BESTSELLER FICTION

In her New York Times bestseller, Gina Andrew shares a story about a small town Thanksgiving romance centered around Riley and Oak Bend mayor, Stone. Riley has come to town to help her great-aunt plan the Thanksgiving festival. While Riley is signing up volunteers, she meets Stone and sparks fly. However, going back decades, Riley believes that there is a November curse because the women in the family have been unlucky in love resulting in infidelity, divorce and even death. **But with Stone, Riley is beginning to believe less about curses and more about true love!**

Inspirational Corner: History of Freedom

Early in the 1600's, the Pilgrims we know from U.S. history were called Separatists. Separatists had separated from the Church of England, hoping to pursue their own relationship with the living God. They were greatly opposed, so they fled to Holland, but they were eager to own land of their own. The pilgrims overcame the troubling news that existed in the free world across the sea and boarded the Mayflower in September of 1620. It was a harrowing voyage with many troubles, but the ship landed at Plymouth in early November. Fifty percent of the pilgrims died that winter, and by spring, the Algonquin Chief Samoset declared that God must have gone before them for that many of them to have survived.

Many miracles led to their survival, including friendship with native tribes, some of whom were hostile. During the first growing season the pilgrims enjoyed plentiful crops, thanks to the tutelage of the native people who helped them. Governor Bradford declared a harvest celebration and the 90 native friends joined the 50 settlers to thank God for His provisions: survival, land, friends, and harvest.

It lasted three days, and as festivities ended both groups agreed to have a similar celebration the following year. However, drought and crop failure occurred in 1622, so the pilgrims fasted and prayed. The harvest of 1623 was so abundant that the surplus was celebrated again with a giant feast. The colonists never again starved, and the colony became the first self-sufficient community in the free world.

The sacrifices made for freedom on our soil over 400 years ago are echoed in the lives of our veterans, who give all when they join the military forces of this great nation. A nation that was built on the foundation of freedom that has carried us through to today.

Thank you, dear Veterans, for all you have laid down to provide us the freedom we enjoy today.

I recently received an email from FIVE WISHES, saying *November is National Hospice and Palliative Care Month.* Since my husband and I have been working on updating our Trust, I was familiar with the terms. But FIVE WISHES is a comprehensive, legally valid advance directive created by *"Aging with Dignity"* (a non-profit organization); it combines a living will and healthcare power of attorney with personal and spiritual guidance in plain language. Many residents have been getting these forms from their PCP's. You also can order one for $5.00 at *https://www.fivewishes.org/products/five-wishes-paper* or call 850-681-2010. If you need to get this taken care of, and don't want or need a lawyer for full trust, this is an easy way to accomplish a sometimes-uncomfortable task.

A note of explanation about Hospice and Palliative Care: The word Hospice sometimes scares people because it sounds like a death sentence, but the 6-month Hospice care prescription can be renewed again and again. If you don't need Hospice, Palliative care is specialized medical support for anyone with a serious illness, available at any stage of the disease, and can be provided alongside curative treatments like chemotherapy or surgery.

I have something exciting to share! We added FIVE new volunteers in September, and just in time for the return of winter visitors. Jodi Engelstad, a retired nurse and golfer; Dan Houze, works at home and will help as he can; Paul Rosenfeld is our newest Handyman with lots of experience! John Shy, another skilled Handyman provides rides; and Maureen Hillman is willing to drive, grocery shop and more. We now have seven Handymen on the roster - a reminder that they are available for simple jobs, not construction or complex tasks. They are not all available at the same time, so please be patient while we try to find one for your request.

Helping Hands does medical-related rides, grocery shopping, trash can help, minor handyman, and simple requests, plus our Medical Equipment Closet at the Vistas Rec Center. We don't do lifting, bathing or personal care, but we have a Resource Directory, including in-home caregivers, delivered meals, assisted and independent living locators, and much more. The ads in the back of the Living Magazine are a great place to find resources.

Call Roz for more information.

If someone falls, ALWAYS call 911!

WVA Treasurer's Report

For the Month Ending August 31, 2026

"The following figures are subject to audit. However, they fairly represent the approximate financial condition of the Association at month end."

GENERAL OPERATING FUND

(Funds designated for day-to-day operations.)

The General Operating Fund exists to support the day-to-day operations of the Westbrook Village Association. As of August 31,2026, this fund holds a cash balance of $2,422,806.18. This total includes the homeowner assessments collected for the year 2026, as well as certificates of deposit, which together provide the Association with a strong financial foundation for its ongoing operational needs.

For the 2026 fiscal year, the Association anticipates total revenue of $3,553,638.00, of which $3,202,290.00 is expected to come from member assessments. This underscores the importance of member contributions in sustaining the activities of the Association. During August the Association received total revenue of $299,056.65, most notably coming from Resale Processing Fees, RV Lot Rental Fees and Facility Rental Fees, while total operating expenses for the same period amounted to $256,856.53, most notable expenses were Payroll/Benefits, Insurance, Landscaping and Utilities and Professional Fees.

REPLACEMENT RESERVE FUND

(Funds earmarked for major repairs, equipment replacement, and capital improvements)

The Replacement Reserve Fund is designed to finance major repairs, equipment replacements, and capital improvements throughout Westbrook Village. As of August 2026, the Reserve Fund Balance stands at $5,394,631.30.

This fund is supported by proceeds from home sales and preservation fees collected during those transactions. In August there were 10 home resales within the community, with preservation fees waived for 2 of these transactions. Year to date there has been 193 home resales, with preservation fees waived for 40 of these transactions.

For fiscal year 2026, the Association has budgeted $1,577,650.00 in expenditures from the Replacement Reserve Fund. So far, $245,227.56 of this budget has been used. For the month of June notable expenses were for perimeter wall repair and irrigation work.

The remaining budgeted funds are allocated for upcoming projects such as a possible gym facility at the Lakes, which includes the installation of a fire sprinkler system. Additional planned initiatives include a turf reduction project in Phase I, as well as ongoing maintenance projects throughout Westbrook Village.

All financial statements are available for review at the Westbrook Village Association Administration office. **For questions or to schedule an appointment, please call the office at 623-561-0099.**

Women's 18 Hole Golf Association Kicks off the Fall Season! -By Ann Chapman

Club contact: Shelly Berndt | 507-951-5412

We kick off our season with our traditional "Welcome Back" on November 9th as our snowbirds begin their migration back to their southern roost. Appetizers, fellowship and stories about our best round of the summer will abound. Register by November 2nd – check your email!

Our first big tournament of the season will be the "Eclectic" held December 8th and 15th on the Lakes course this year. You can choose your own partner… and if you don't have one, we will get you one. It is a net best ball event. The definition of eclectic is deriving ideas, style or taste from a broad and diverse range of sources. In this case, we are deriving **a team score for 18 holes** from a broad and diverse range of sources - the four net scores on each hole over the two weeks of play of your two-person team. **The lowest net score either of you has on any given hole becomes the team score for that hole. Your team score is an 18-hole score**. At the conclusion of the second week of play, we gather for a luncheon to celebrate our winners.

Some folks have had the same partner for years which leads me into an explanation of the "Pre-Eclectic" which is a pari-mutuel betting event the night before our first day of play on December 7th. Information about past winners is provided for the last several years so you can strategically place your bets. Appetizers, refreshments and a little friendly trash talking the night before get things started. Bring your dollar bills and place your bets! And don't forget to register (and defer your trip back home for Christmas so you can play!)

SCAM PREVENTION:
Being Proactive vs. Reactive

When it comes to modern scams, most of us are caught completely off guard. By the time we realize something is wrong, the trap is already well underway.

Brian Jackson, owner of Brian's Computer Consulting in Peoria, knows this all too well. Brian recently came to the rescue of a long-time client in Surprise who noticed something strange: their emails were disappearing right in front of their eyes.

The culprit? A scammer had slipped into the computer 60 days prior through a fake party invitation email that looked like it came from a dear friend. Clicking it caused the screen to blink black for just a second – a quiet entry for the thief. The scammer utilized legitimate Remote Support Software, so traditional Anti-Virus Software did nothing to sound the alarm.

(Note: Scammers are also injecting their code into clickable ads on legitimate websites that cause unlawful entry like the emails).

When the scammer finally made their move, they attempted multiple bank transfers totaling nearly $20,000. Thankfully, after four intense hours of three-way phone calls between Brian, his panicked client, and various financial institutions, every single dollar was saved. "It was an incredibly close call," Brian recalls. "That night, I said to myself, 'There has got to be a better way.'"

Driven to protect his community, Brian embarked on a journey to develop a specialized security program with the help of a professional programmer friend. Unlike standard antivirus software that only guards the "front door" of your computer, Brian's software acts as an internal security guard. It works quietly in the background, checking every single hour for suspicious file changes or uninvited software installations. If anything out of the ordinary happens, it immediately alerts Brian, the client, and a designated family member or friend so the threat can be neutralized before damage is done.

It is time for all of us to be proactive instead of reactive, and to finally gain the upper hand against these heartless scammers.

To learn more, see Brian's ad in the Service Directory in this issue on page 34 or call Brian's Computer Consulting today at 623-412-3058 for more information!

Veterans Day:
Honoring Those Who Served
By Carl Ulbrich

Every year on November 11, the nation pauses to honor its veterans — the men and women who wore the uniform and stood ready so the rest of us didn't have to.

If you're reading this, chances are you don't need that explained. You lived it. You remember the draft lottery on television, the bracelets with POW names, the yellow ribbons tied around oak trees. Maybe you served yourself — in Vietnam, in Germany during the Cold War, in the Gulf. Or maybe you were the one who waited: the spouse who kept the household running, the parent who prayed through every phone call, the kid who watched Dad's plane take off and counted the days until it came back.

Veterans Day began as Armistice Day, marking the end of World War I on the 11th hour of the 11th day of the 11th month in 1918. In 1954, after two more great wars, it was renamed to honor veterans of all wars, not just one. Many of us grew up with fathers and uncles who served in World War II or Korea — men who rarely talked about it, but whose service shaped the families we became.

Unlike Memorial Day, which remembers those who died in service, Veterans Day celebrates all who served — in wartime or peacetime, at home or abroad. That's an important distinction, and one our generation understands well. Not every veteran saw combat. Plenty served stateside, stood watch through the long Cold War nights, or kept the planes flying and the ships sailing. Every one of them signed the same blank check. Every one of them deserves the same thanks.

It's a day for parades and ceremonies, yes — and if your town still holds one, go. There's something about a high school marching band and a color guard on a November morning that never gets old. But it's also for quieter gestures, the ones that often mean more: thanking a neighbor, listening to a fellow veteran's story without rushing them, or simply taking a moment to reflect on what service has cost the people you love.

Many in our generation came home to a country that didn't know how to say thank you. We've spent decades making sure the next generation gets a better homecoming. That work continues — in how we hire veterans, how we support military families, and how we check in on the buddy who seems a little quieter than he used to be.

As this year's Veterans Day approaches, consider reaching out to a veteran in your life. Call the friend you served with, even if it's been years. Ask your father or your neighbor about their service — and then really listen. Tell your grandchildren what it meant, so the story doesn't end with us.

Say thank you — and mean it.

City of Peoria News:
Councilmember Jon Edwards

Jon Edwards

It is an honor to introduce myself to the residents of Westbrook Village. While your neighborhood is outside the Willow District I represent on the Peoria City Council, we share something important: we are all part of the same Peoria community, and the success of one neighborhood contributes to the success of us all.

My wife, Brenda, and I have called Peoria home since 2001 and have been married since 1991. Our three children grew up here, attending and graduating from local school districts. Like many Peoria families, we have watched our city grow, and we remain deeply invested in making it a great place to live.

Community involvement has always been important to me. I graduated from the Peoria Leadership Institute and completed the Peoria HOA Academy. I am also a member of the Fletcher Heights HOA. Before moving to Peoria, I was actively involved in community beautification efforts in older neighborhoods in Riverside and Anaheim, California, where I am originally from. Those experiences reinforced my belief that strong neighborhoods are built by residents who care and leaders who listen.

My professional career has also shaped my approach to public service. For 27 years, I worked as a program and project manager with the same computer services company, with responsibility for two Fortune 500 companies. I bring that experience in planning, problem-solving and collaboration to my work on behalf of Peoria residents.

I have been fortunate to serve Peoria in a variety of roles, including providing regional transportation leadership through Valley Metro and the Maricopa Association of Governments. Transportation has always been a priority for me, and I am honored to represent Peoria on regional transportation committees and advocate for projects and policies that benefit our community.

I look forward to continuing to work with residents across Peoria. If I can ever be of assistance, please don't hesitate to reach out.

I am from the Midwest, and I moved to Phoenix for ASU grad school. I enjoyed a career as a high school home economics teacher for 40 years in both Phoenix and San Diego. After retiring, I moved back to the Valley, where I've spent the last 13 years subbing, playing cards, traveling the state and meeting up with friends. I've lived in WV for 8 of those years and take delight in the photography club with their interesting speakers and trips. I use my phone camera, and through the years, I have found the best camera is the one you have with you.

LAPIDARY/JEWELRY ARTS STUDIO NEWS

A Whirlwind of Color: MEET LAURIE WILLIFORD

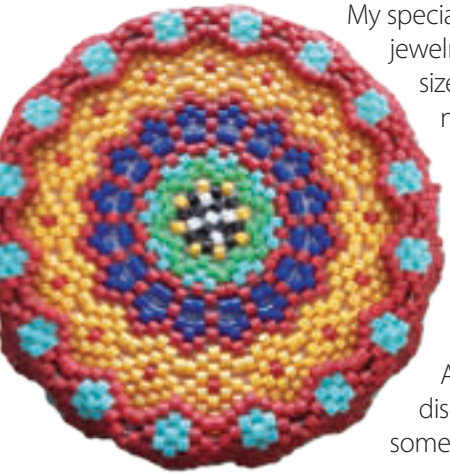

I live in a whirlwind of color. Give me a handful of beads, fabric or yarn, and a little time, and I'm a very happy woman!

My husband, Gary, and I moved here from University Place, Washington, after I retired from nursing in 2018. I've always been a "maker." I learned to sew as a child and knitted my first project when I was just 10. So, when I wandered into a craft fair soon after we arrived and saw a display of beautiful beaded ornaments, my first thought was, "I can do that!"

And, so I did. I watched a few YouTube videos, visited a bead store, and began making my first—and certainly not my last—beaded ornament sleeve like the one pictured here.

In 2020, I joined the Lapidary and Jewelry Arts Club after meeting some of its members at a Lakes Recreational Center event. I quickly discovered that the club is a wonderful place to learn, experiment and share ideas with people who are serious about their craft but are always happy to help someone else get creative.

My specialty is beading, especially three-dimensional projects, although I occasionally make a piece of jewelry, too. Our members work with glass, metal, wood and acrylic beads in every imaginable shape, size and color. We use wire wrapping, bead looming and off-loom weaving to create one-of-a-kind necklaces, bracelets, hatbands, festive Christmas ornaments and so much more!

What I love most is that there's always something new to learn—and someone willing to show you how. You don't have to be an experienced artist to walk through our door. Curiosity and a willingness to try are a great place to start.

If you'd like to see what we're making, come visit, chat or shop with us Monday, Thursday, or Friday from 10 a.m. to noon at our studio in the Lakes Recreational Center.

And keep an eye out for announcements about our Open House events in 2027. You might just discover your next creative adventure—or find that perfect handmade treasure for yourself or someone special!

Wildlife Photographer and WV Resident Kathleen Reeder

WV resident Kathleen Reeder can be found swimming 60 laps at the Vistas pool most mornings. But her life as a wildlife photographer is what takes up much of her remaining time each day.

Her interest in photography was piqued at an early age. As a child, Kathleen would visit her grandmother, who was a portrait and wedding photographer. "She would take me to weddings every weekend, and I have great memories of holding the lightbulb flash and helping her. I also liked to watch her work in the basement darkroom, and then she would sit upstairs and paint some of the photographs with acrylic."

Kathleen became interested in landscape photography as a hobby in 2000. Several years later, she began volunteering with *Arizona Highways Photo Workshops*, accompanying workshop groups to photograph throughout the Southwest.

This fall marks a special milestone for Kathleen. After more than a decade photographing wildlife and leading more than 200 photography workshops across North America and Africa, she is honored to present her fine art wildlife photography in a professional exhibition for the first time as part of the 30th Annual *Hidden in the Hills* Artist Studio Tour. The free, self-guided event takes place the weekends before and after Thanksgiving: November 20–22 and November 27–29, 2026—throughout Cave Creek, Carefree and North Scottsdale.

During the *Hidden in the Hills* Artist Studio Tour, Reeder will debut her photography at fine art photographer Light Hunter Fatali's Studio No. 35 in Cave Creek. To view her diverse wildlife photography, visit ***kathleenreeder.com***. For more details about the studio tour, visit ***sonoranartsleague.org*** and click on "Hidden in the Hills" tab.

WVA Employee Spotlight

We are very excited to welcome Rich Campos as the newest member of the Westbrook Village team! Rich joins our team as the new Compliance/Resale Inspector.

Originally from Sacramento, California, Rich has called Arizona home since 2005, when the Air Force stationed him at Luke Air Force Base. Outside of work, Rich enjoys spending time with his son, participating in bowling league, tournaments, and playing video games. Above all, Rich treasures his faith, his family, and his love for our country and its people.

If you see Rich around Westbrook Village, be sure to stop by, say hello, and give him a warm Westbrook Village Welcome!

Pickleball Club News – Meet Sara Ash

By Nancy Millard

When players in Arizona want to elevate their pickleball game, many turn to one of the state's most experienced instructors: Sara Ash, a PPR-Certified Professional Trainer with a 5.4 DUPR rating and a proven track record of success both on and off the court.

Since discovering pickleball shortly after moving to Westbrook Village in 2013, Sara has established herself as one of Arizona's most respected competitors and coaches. Her impressive playing résumé includes more than 50 tournament medals at the 5.0 level, three 5.0 medals in USA National Championships, three APPL State Championships, and a season competing in the Arizona Professional Pickleball League.

I first met Sara six years ago. I immediately knew then she was a team player, someone willing to volunteer her knowledge back into our community. I asked her if she would help us set up clinics and assist with instruction of our newly formed APPL teams (Arizonia Players Pickleball League) She quickly agreed. Our first year was a huge success. So much so that we added 8 more teams the following year.

WV residents occasionally have the opportunity to train with Sara on her home courts. Growing up in the Philippines, sports played only a minor role in her early life. After discovering a love for badminton in Manila, tournament competition quickly ignited her competitive spirit and introduced her to the dedication required to excel in racquet sports.

Over the past several years, Sara has earned a reputation for helping players improve rapidly while enjoying the learning process. Many instructors possess exceptional playing skills and can clearly explain and demonstrate advanced techniques and often focus primarily on mistakes and shortcomings. Sara takes a different approach. She begins by identifying what players are doing correctly and reinforcing those positive behaviors. Once a foundation of confidence has been established, she introduces specific adjustments that can make each shot more effective and consistent.

The result is an environment where players feel encouraged, motivated, and eager to learn. Students frequently discover that they not only improve more quickly but also enjoy the journey far more than they expected.

One of Sara's greatest strengths is her ability to customize training. Before developing a program, she often observes players and teams in actual competitive situations. By evaluating their strengths, weaknesses, decision-making, and court positioning, she can create targeted training plans that address both individual skill development and the advanced strategies and tactics that produce winning results.

Whether helping a novice or intermediate player reach the next level or fine-tuning the performance of an advanced doubles team, Sara Ash brings: competitive experience, technical expertise, enthusiasm, and a genuine commitment to helping players become the best versions of themselves on the pickleball court.

WV Hiking Club
FALL 2026 HIKE SCHEDULE

Above: McDowell Sonoran Preserve

In general, hikes are classified as follows:

Easy – 2 to 4 miles with elevation gains up to 400 feet.
Moderate – 4 to 7 miles with elevation gains up to 750 feet.
Difficult – 7 or more miles with no limit on elevation gain.
Total Ascent – adds all the up elevation changes together.

- **November 6** **Butterfield/Gadsden Loop** - Estrella Mountain Regional Park - (6.4m, moderate). This variation on previous visits to this regional park tightens the loop, combining the bulk of two sizable moderate trails. Elevation is approximately 980' to 1325' (345' with a total ascent of 590'). We will hike through many washes that may be steep, some having loose rocks. Restrooms at TH. Driving distance approx.70 miles RT.
- **November 13** **Sunrise/Saguaro/Ridgeline Loop** - Peoria - Sunrise Mountain Preserve - 5.1-mile loop. Moderate. Elevation change is approx. 1380' to 1825' (445' with a total ascent of about 915'). This hike will use all of the Sunrise Loop and Saguaro Loop trails plus part of the Sunrise Ridgeline Trail. There will be several ups and downs with some being rocky. Typical Sonoran desert. Restrooms at TH. Driving distance approx. 10 miles RT.
- **November 20** **Cone/Cloudburst trails** - (new for our club) McDowell Sonoran Preserve - (5.3m, moderate). Elevation change is approx. 2547' to 2709' (162' with a total ascent of about 320'). From the Browns Ranch Trailhead, we will explore different trails in the mountain park, from the Upper Ranch trail at the TH, traveling around Cone Mountain, using part of the Cloudburst, Hawknest and West Express trails before moving to the Hackamore trail and returning to the TH via the Upper Ranch trail. We will see a typical Sonoran Desert setting, with notable views around this former working cattle ranch. Restrooms at TH. Driving distance approx. 75 miles RT.
- **November 27** **Thanksgiving holiday weekend** - no hike

WESTBROOK VILLAGE TENNIS

Come check out the new surface on our Westbrook Village tennis courts!

We are always happy to welcome new players! Our regular play schedule includes **casual drop-in play on Monday, Wednesday, and Friday,** and **intermediate play on Tuesday, Thursday, and Saturday.**

Whether you're a longtime player or new to the game, come join us and enjoy some tennis, fresh air, and great company!

Hope to see you on the courts!

Questions? Please check the schedule posted on the bulletin board at the courts, or contact:

A New Season of 18-Hole Couples Golf has begun!

It's that exciting time of year again—our 18-Hole Couples Golf League has gotten underway! We're looking forward to another season filled with fun formats, special events, friendly competition, and plenty of laughs along the way. Whether you're here for the golf, the friendships, or simply a great Friday on one of our two beautiful courses, there's something special about being part of this group.

Please sign up and join us at our first Par Tee event of the season on November 20th. The day will consist of a morning step aside scramble format of golf, followed by dinner that evening and a contest at our Glow Ball Putting Event. It is sure to be a fun time!

Cheers to a new season of couples' golf, good friends, great memories, and lots of fun on and off the course!

WV Technology Club *Technology for Living Life*

Website: *https://wbvtc.org* Phone: 623-226-8120 (leave message) Email: *wvcc@live.com*

The Technology Club has planned a new season of workshops to share technology information! All club events are held in the Tech Room at the Lakes Recreation Center and are open to all residents. No sign-up needed.

TECH TALK – Thursday, November 5, 6:00 p.m. Presented by Pete Lawton – **Topic:** *"Password Managers"*

WINDOWS WORLD – Tuesday, November 10, 2:00 p.m. Hosted by John Ellsworth – **Topic:** *"Windows File Manager and Exercises"* -Bring your own equipment for hands-on help!

APPLE BYTES – Wednesday, November 11, 2:00 p.m. Hosted by Pat Williamson – **Topic:** *"Files: make them – move them – store them – delete them"* -Bring your own equipment for hands-on help!

See club website for more details on these Upcoming Events: *https://wbvtc.org*

The Technology Club is looking for volunteers to fill two positions. Please call or email: 623-226-8120 or *wvcc@live.com* if interested.

Flyer/Poster Coordinator
Responsibilities include:

- Receive flyers from workshop and Tech Talk hosts and ensure accuracy
- Submit flyers for publication 30 days prior to event to HOA Communications person
- Check to confirm flyers are posted at both Rec Centers 14 days prior to event
- Post the flyers on the Tech club room doors one week prior to event

Workshop flyers are posted November through April (six months).

Magazine Article Writer
Responsibilities include:

- Draft the monthly 350-word article for the club, to be finalized in the monthly club meeting (12 months per year)
- Finalize and submit the article for publication to the Admin/Operations of Westbrook Living magazine by the due date

Technology Club membership applications are available at the Lakes Recreation Center front desk or print from our website: *https://wbvtc.org*. Drop off completed applications at the Lakes Recreation Center front desk. Club dues are waived for 2026-2027 membership!

Want to get rid of your old equipment? Donate them to the Tech Club Outreach program. We accept all desktop and laptop computers with computer cords that support Windows OS systems. They will be refurbished and passed on to school children in need and to other charities. No printers please.

(We are NOT a Tech Support group and cannot provide specific tech support, setup assistance or in-home device support.)

Find "Westbrook Will" in an Ad for a Chance to Win $20!

Winner is Selected Each Month!

Once you find Westbrook Will, **mail entry to:** *Westbrook Village Living Magazine*, 8715 W. Union Hills Drive, Suite 108, Peoria, AZ 85382

Include your Name, Address, Phone Number, and state which Ad contains Westbrook Will.

Every month, one (1) winning entry will be drawn from all correct entries received for that month.

"Actual Size"

**Winners will be contacted by phone and announced in future issues of WV Living. Prizes will be mailed to winners. Limit one (1) entry per household.*

Congratulations to Gwen Arnold, who correctly identified that Westbrook Will was hidden in the October 2026 issue on **Page 27** in the **WV Photography Club Contest ad**. Gwen's entry was drawn from those who sent theirs in, and she will be receiving $20 as the winner! Thank you to all who participated!

The challenge in this issue is to find Chef Westbrook Will preparing to reveal his delicious Thanksgiving dish to his guests. Once you find the image (as shown here), please jot down the ad location and your name and address on a 3" x 5" card, and **postmark your entry by November 9, 2026,** so you can be included in the draw for the cash prize! *(One entry per household per issue, please!)*

Featured Needlework Artist
GWEN BORLAUG

Above: Gwen holds up booties they make for the Choices Pregnancy Center

Gwen Borlaug Gwen graduated from North Dakota State University in Medical Technology and the University of Minnesota with a Master's in Public Health. Early on she worked in both clinical and public health laboratories, and later she became an infection preventionist, helping prevent infections among hospital patients and nursing home residents. She spent most of her career working with state public health departments, including the Arizona Department of Health Services, where she still works a few hours a week.

Many years ago, Gwen learned to stitch Norwegian Hardanger embroidery at a women's church retreat, and that became her favorite hobby. She learned to knit at an early age has been enjoying it ever since. She also does a bit of sewing, making items such as pillow covers, placemats and napkins for her home.

Gwen and her husband moved to WV in July 2019. Having braved the cold Midwest climate for many years, they decided to retire in Phoenix. In July of 2019, the couple moved to WV, and are glad to live in the same state as their son, who lives in Scottsdale.

As the Vice President of the NAAC, Gwen reports: "I enjoy doing handiwork with the other wonderful ladies in NAAC, visiting while we make lovely items to sell and donating the proceeds to worthy organizations that provide much needed services to the community. In that way I feel like our hobbies have a purpose. I also appreciate the opportunity to learn new things from the other members who are always willing to share their knowledge and expertise!"
